

Latah SWCD Resource Conservation Projects

Program	Watershed Restoration
Lead Implementer	Latah Conservation District
Funders	Latah Conservation District
Project Primary Contact	Kenneth Stinson (kstinson@latahswcd.org)
Project Stage	Implementation
Duration	1999 - 2019

Natural Resource Projects & Practices ➤ Watershed Restoration

The Latah Soil and Water Conservation District has implemented over 200 resource conservation projects over the past 20 years. From 1999 through 2019, Latah SWCD utilized \$25M of funding received from county, state and federal grants, contracts and agreements to implement a wide variety of conservation practices throughout the District. For additional information related to project funding and accomplishments, please visit the Latah Soil and Water Conservation District website, www.latahswcd.org, or call the District directly at (208) 301-5090.

Key Accomplishments

Accomplishments to be provided upon completion of Project

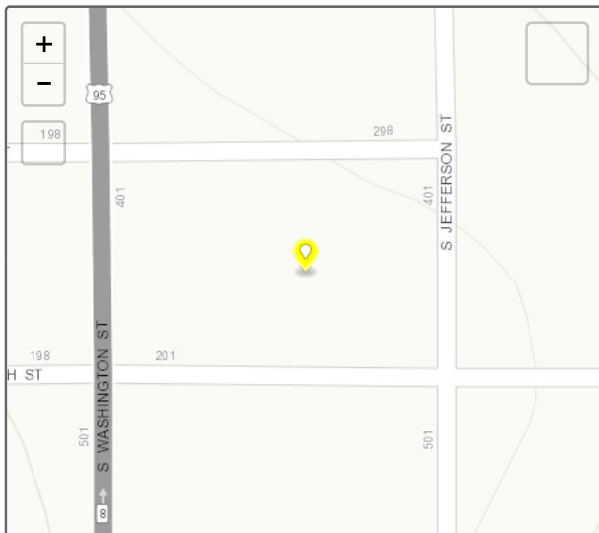

Project Themes

- Agricultural Lands
- Conservation Capacity Building
- Education and Outreach
- Forests
- Habitat and Species
- Healthy Watersheds
- Rangelands
- Soils
- Water

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
